About Me

Kia Ora! My name is Max and I'm a graphic design graduate and currently studying web and UX design at Yoobee Colleges!

My years of studying the creative industry, as well as a year of working as a tutor has given me a series of crucial skills that can be applied to any working environment. It has taught me how to be a team player, how I can best manage my time, and crystal clear communication with my students and peers.

I am currently looking for part time work that will challenge me & help me to gain more crucial skills that could be applied to any professional environment! I look forward to heading from you in the near future.
